KSC40

4" Coaxial Speakers

\$99.99 USD

ADD TO CART

Qty

KICKER's elite KS-Series Coaxial Speakers upgrade your audio to new levels of accuracy with extended frequency response and the smoothest highs.

Potent Performance

KICKER KS-Series Speakers let you play at concert-like volume, yet maintain the smoothness and subtlety to please even the most selective ear. Internally dampened polypropylene cones and durable rubber surrounds assist the woofers in creating precise midrange and midbass, while high-quality silk-dome tweeters deliver natural, detailed highs.

With less than a 2-inch mounting depth and zero tweeter protrusion, the KSC40 is a perfect fit in almost every vehicle on the road today. They work best with 15 to 75 watts of recommended power. See below for more details.

- High power handling
- Silk-dome tweeters for a smooth sound
- Polypropylene woofer and tough rubber surrounds
- Thin-mount design easily fits behind factory grilles

Specifications

Speaker Design

2-Way

Woofer [in, mm]

4, 100

Top Mount Depth [in, mm]

1-¹³/₁₆, 46

Bottom Mount Depth [in,mm]

2-¹/₁₆, 51
